PSN16 SERIES 1/8 WATT 5% CARBON FILM RESISTORS

Highly stable carbon film resistors with low noise levels and high reliability.

Length = 3.5mm max
Diameter = 1.8mm max
Lead length = 28.0mm
Lead diameter = 0.5mm
Power rating at 70°C - 0.125W
Temperature coefficient - 0 to -700ppm/°C
Voltage rating - 200V
Maximum overload voltage - 400V
Operating temperature - -55°C - +155°C

AVAILABLE ONLY IN
BOXES OF 5000

MRS16 SERIES 0.4 WATT 1% METAL FILM RESISTORS

MRS16 Series offer precision metal film at close tolerance of 1%, low coefficient and good long term stability.

Length = 3.7mm max
Diameter = 1.9mm max
Lead length = 26.0mm nom
Lead diameter = 0.5mm
Power rating at 70°C - 0.4W
Temperature coefficient - 50ppm/°C
Voltage rating - 200V
Operating temperature - -55°C - +155°C
